

NTHYK Yuen Long District Secondary School
The 40th anniversary Dinner

The 40th anniversary dinner attended by more than 1000 (93 tables) guests and shareholders, including past and current staff, students and parents, marked a memorable evening full of joy and laughter.

The reunion dinner was a remarkable success. Having good communication with alumni has always received the thumbs up in the school. Everyone had a good time meeting old and new friends, exchanging news of their latest developments and took photographs.

The evening started with a speech given by the Principal, Mr Tsoi Chong-tat. He briefly reported the outstanding achievements of the school in recent years and confirmed that we were always striving for a better performance and targeting at a loftier goal.

The dinner was adorned with lucky draws, jokes and stories by MCs, and a video of the school life memories.

The evening came to a full end after the alumni and teachers took turns to take photo with reference to their graduation year. Surely these photos would keep fond memories of a good time we all had.

As the Principal said, we would see you again at the golden jubilee anniversary dinner.
