

Orientation Day For Parents of S.1 Students

An Orientation Day for parents of S.1 students was held by the Guidance Team on 19 August 2017. We introduced the administration, curriculum and different aspects of our school in the talk to our parents and students. They could also get to know more details about the school in the Q&A and class teachers sharing sessions after the talk. A talk entitled ‘Going Ahead With You Together’ was held in the afternoon. It kept the parents informed of the strategies of how to communicate and supervise their children so as to help them adapt to the secondary school life.
