

Hong Kong Institute of Engineers Potential Engineering Students Selection

Every year, the Hong Kong Institute of Engineers offers a prize to not more than 10 secondary six potential engineering students in Hong Kong in recognition of their academic merits, extra-curricular activities, leadership qualities and personalities. This year, after several stages of selection processes and interviews, 6B Lee Yiu Shing Philip has been chosen to be one of the seven awardees, receiving a certificate and a scholarship of two thousand dollars.
