

Silver Award of Sustainable Development School Award Programme

Our school has received a Silver Award for participating in the 2007-2008 Sustainable Development School Award Programme, organized by the Council for Sustainable Development. The effort made by the teachers and students in planning and organizing the activities to promote “sustainable development” throughout the 15-month period is much appreciated by the Judging Panel. Our School Environmental Education Protection Team has made significant contributions to demonstrate the concept of “sustainable development” to all students. Our students, CHAN Ka-ho and LEUNG Ka-chun, have represented our school to receive the award from Mr. TAI Hay-lap, BBS, JP, Member of the Council for Sustainable Development and Education and Publicity Sub-committee.
