

Hong Kong Tech Challenge Junior 2025

(26 April 2025)

18 students from our school, divided into 3 teams, participated in the territory-wide robotic competition, Hong Kong Tech Challenge Junior 2025, held from November 2024 to January 2025. All students paid continuous efforts in preparing for the competition, such as designing and programming their own robot to complete the tasks assigned. Students of Team C received the **VEX IQ Robotics Competition Judges Award** as they showed their talent in creativity and problem-solving. The team attended the prize presentation ceremony at the Chinese University of Hong Kong on 26 April 2025 (Saturday).

The students strengthened their teamwork in the competition and learnt how to do programming and operate robots. Meanwhile, they acquired knowledge and broadened their horizons during the competition.

Award	Team	Awardee
VEX IQ Robotics Competition Judges Award	C	1A CHEUNG Tak-yuen
		1A FUNG Ho-wai
		1B JIAN Mong-yu
		1B LIU Christie Chin-yu
		2D NGO Ka-wing
		2D WONG Sze-ching
