

## **Bilingual and Triliterate Book Fair**

(21 – 23 May 2025)

To promote students' self-directed language learning and enrich our language-rich environment that supports their learning, our school held the 'Bilingual and Triliterate Book Fair' from 21 May 2025 (Wednesday) to 23 May 2025 (Friday). With this year's theme, 'Reading Without Borders, Wisdom Beyond Words', the event celebrated the joy of reading across different languages.

The book fair featured a wide selection of English and Chinese books, allowing students to explore stories from various cultures. Our students took the opportunity to discover new authors, genres, and perspectives while engaging in casual reading sessions with classmates. As souvenirs, each visitor took home a bookmark or card inscribed with our students' own words of wisdom – small but meaningful tokens of the book fair's spirit.

Our school actively supports the 'Biliteracy and Trilingualism Campaign' initiated by the Education Bureau and the Standing Committee on Language Education and Research (SCOLAR). Through immersive reading experiences, we seamlessly integrate language acquisition with literary exploration, cultivating students' cross-cultural communication competencies with a global perspective.
