

2024/25 Second Parents' Day
(9 July 2025)

On 9 July 2025 (Wednesday), our school successfully held the second Parents' Day of this academic year, promoting communication between home and school in various forms. The event aimed to provide parents with comprehensive feedback on students' learning progress and personal growth through sincere exchanges, while fostering collaborative discussions on nurturing methods to support their overall development. Teachers engaged with parents to discuss students' academic progress, behavioural development, and potential growth, providing professional recommendations to foster a collaborative approach in nurturing each child's talents.

On Parents' Day, the Parent-Teacher Association organized an 'Eco-Friendly School Uniform Distribution Activity', which not only assisted students but also promoted environmental awareness.

Class teacher attentively explains students' performance at school to parents

Student and parent carefully review the academic performance leaderboard
