

**Talks on Safeguarding National Security Series – Contemporary China’s Foreign Relations**  
(3 July 2025)

On 3 July 2025 (Thursday), S3 and S4 students attended a talk delivered by distinguished alumnus Mr. NG King-tsun Kenneth on the topic ‘Contemporary China’s Foreign Relations’, which was part of the Talks on Safeguarding National Security Series organized for students in June and July. The talk has enhanced our students’ understanding of global trends impacting China’s national security and China’s foreign relations. It also helped students understand Hong Kong’s role in supporting the nation’s development amid a rapidly changing and dynamic global situation.
