

The 23rd Secondary School Chinese Medicine Competition

(8 February 2026)

Our students were crowned **Champion** in the 23rd Secondary School Chinese Medicine Competition, organized by the Chinese Medicine Society, Hong Kong Baptist University.

The competition aims to deepen students' understanding of traditional Chinese medicine and its pharmacy, while fostering their interest in its cultural heritage and modern applications. Through engaging academic activities, it promotes health education and inspires future talent in the field.
