

First Parents' Day 2025/26

(13 February 2026)

The First Parents' Day of this school year was successfully held on 13 February 2026 (Friday), with parents of all the students participating in the event.

To foster home-school cooperation and enhance educational effectiveness, the school organizes two Parent-Teacher Days each year – one in each semester. These events provide a platform for parents and teachers to engage in in-depth communication and work together in nurturing our students.

The event primarily featured face-to-face interviews, supplemented by video conferencing and telephone contact. Through these diverse communication channels, we aim to maintain close ties with parents and help them gain a comprehensive understanding of their children's academic progress, conduct and personal growth. This embodies our philosophy of 'Home-School Unity, Nurturing Talents Together'.

On the same day, the school organized a parent education activity in the Covered Playground and a stakeholder survey in the School Hall. Besides, the PTA organized a Chinese New Year Celebration: Spring Couplets Writing Workshop for parents. All these activities aim to enhance home-school cooperation and gather feedback to optimize school development.

Class Teachers provide detailed explanations to parents regarding students' academic performance and overall development.

Dual Class Teachers of S1 meet with parents to provide a comprehensive overview of students' school life.

Staff and students are ready to warmly welcome parents.

A parent takes photos of the outstanding academic achievement information displayed on the TV screens.

Nurturing children through home-school cooperation:
