Together with 80 students from 20 local secondary school, the four students attended the dynamic Leadership Training Camp and the Kick-off Ceremony of the 5th L.I.O.N. in Pat Heung. Chosen for their academic achievements and leadership potential, they engaged in a series of interactive activities that addressed the causes and impacts of narcotics on individuals and communities, hence promoting anti-drug messages at school and in the community.

Founded by the Narcotics Bureau of the Hong Kong Police Force, the programme aspires to nurture energetic young leaders with moral responsibilities and civic awareness to promote drug-free culture in schools and society. At the same time, it helps broaden youngsters' horizons and cultivate positive values, allowing them to learn to appreciate and care about others and contribute to the well-being of the community.
