

‘Walking the Ancient Road, Walking in the Rhythm of Civilization’ Chengdu Study Tour

(24-28 April 2026)

Our school previously took part in the “Dreams Come True” Itinerary Design Competition under Mainland Exchange Programmes for Students (2025/26) organized by the Education Bureau. We received the ‘Most Active Participation Award’ (Senior Secondary Division). As a result, 10 students and a teacher from our school were fully sponsored by the Education Bureau to visit and study in Chengdu, Sichuan.

From 24 April 2026 (Friday) to 28 April 2026 (Tuesday), 10 S4 and S5 students, accompanied by Ms. CHAN Yuen-shan, along with teachers and students from other schools and the staff of the Education Bureau, travelled to Chengdu. During the trip, they visited several sites, including Kuanzhai Alley, Wolong Shenshuping Panda Base, the 5·12 Wenchuan Earthquake Memorial Museum, the Shixianghu International Study Camp, the Chengdu Museum, the Sanxingdui Museum, Du Fu’s Thatched Cottage, and the Chengdu Shu Brocade and Embroidery Museum. They also participated in hands-on activities to experience national intangible cultural heritage, such as brewing tea and making Shu brocade and embroidery.

This study tour broadened our students’ horizons, enhanced their understanding of and interest in Chinese history and culture, and strengthened their cultural confidence and sense of national identity.

Ms. CHAN Yuen-shan (3rd row 2nd left) and our students take a group photo with other participants at the Hong Kong International Airport before leaving for Chengdu

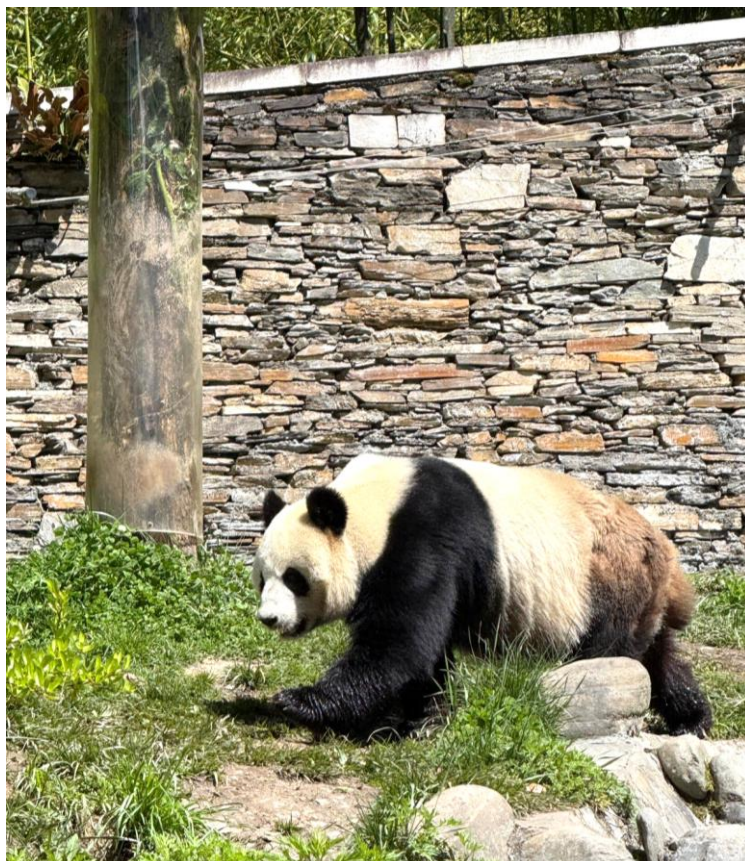

Our students visit Kuanzhai Alley at night

Our students visit the Wolong Shenshuping Panda Base

Our students pose for a photo at the Wolong Shenshuping Panda Base

Our students catch glimpses of pandas at the Wolong Shenshuping Panda Base – everyone is thrilled
