

Healthy School Programme – Yuen Long Government School Cluster
2025/26 Health Ambassadors Sharing Session cum Community Fair

(16 May 2026)

The Healthy School Programme – Yuen Long Government School Cluster 2025/26 Health Ambassadors Sharing Session cum Community Fair was successfully held on 16 May 2026 (Saturday) at The Hong Kong Federation of Youth Groups Hung Shui Kiu Youth S.P.O.T. Principals, teachers, and Healthy School Ambassadors from four government schools in the district gathered to mark the completion of the three-year Healthy School Programme and to recognise students' dedication in promoting healthy lifestyles and anti-drug messages both on campus and in the wider community.

Principal YUEN was invited as the Guest of Honour to officiate at the ceremony. In his address, he expressed sincere appreciation for the ambassadors' commitment over the past three years and encouraged students to continue spreading positive and healthy messages beyond the school environment. During the event, **4A CHEUNG Ching-lam** and **4B CHAN Yin-chun** shared their reflections and personal growth from serving as Health Ambassadors over the past four years. Their insights highlighted the valuable experiences and meaningful impact gained through their long-term participation.

Following the Sharing Session, the ambassadors hosted a series of interactive game booths at the open square of Hung Fuk Estate. Through engaging activities, they promoted healthy living and anti-drug awareness to residents in the neighbourhood. Students also shared their knowledge and experiences while interacting with visitors, further strengthening community awareness of healthy and positive lifestyles.

Principal YUEN (front row 4th right),

Principal of Chiu Lut Sau Memorial Secondary School, Ms. WOO Kit-ching (front row 3rd right), Principal of
