

Elite Students Project in Chinese Language 2021/22
(18 June 2022)

3D TSOI Wing-yu Wingie won the **Silver Award** in the Elite Students Project in Chinese Language 2021/22.

The Elite Students Project in Chinese Language is jointly organised by the Education Bureau and the Chinese Language Education Research Association. The project aims to explore gifted students (both primary and secondary school students) who excel in Chinese Language and provide them with structured training alongside regular classroom learning, in the hope of broadening their horizons and developing their potentials, as well as raising public awareness of gifted education in Chinese Language.

The project consists of competitions of preliminary and final rounds. Wingie entered the final round with her outstanding performance in improvisational writing and outshone other participants in both improvisational writing and public speaking in the final. With her quick and sharp wit, articulate writing style and eloquence, Wingie won the Silver Award. The Prize-giving Ceremony was held on 18 June 2022.
