

## “Hong Kong 200” Leadership Project

(27 November 2022)

Our students participated in the “Hong Kong 200” Leadership Project and were awarded **Certificates of Appreciation**. Hong Kong 200 Leadership Project is a leadership development programme for young people, which aims to enhance their sense of social responsibility. It provides a comprehensive, professional and forward-looking leadership training experience for secondary school students with outstanding potential to meet future challenges. This year, the training programme strives to strengthen both participants' hard and soft skills for being a sustainable leader. It nurtures their awareness towards the importance of multiple perspectives thinking, striking a delicate balance between society, economy and environment. As a result, students can effectively promote social development as future pillars of society.
